Part A — Web / Desktop App (Electron + Firebase RTDB)

Module	Est. Hours	Rate (₹/hr)	Amount (₹)
Auth & role management (admin / employee)	8	1,200	9,600
Dashboard	6	1,200	7,200
Employee management (CRUD + profile)	12	1,200	14,400
Punch / daily attendance	10	1,200	12,000
Monthly attendance calendar (shift-level LOP / HL / F logic, edit modal)	20	1,200	24,000
Leave management (apply / approve workflow)	14	1,200	16,800
PT Sessions (financial entries + commission calc)	16	1,200	19,200
PT Packages (create, session tick-off, workout log)	20	1,200	24,000
PT Package report (before / after progress charts)	18	1,200	21,600
Salary / payroll calculation	16	1,200	19,200
Advances (salary advances)	8	1,200	9,600
Accounts	10	1,200	12,000
Excel export (xlsx reports)	6	1,200	7,200
Firebase RTDB data layer	10	1,200	12,000
Electron desktop packaging	6	1,200	7,200
Testing, bug fixes & polish	20	1,200	24,000
Subtotal — Part A	200 hrs		₹2,20,000

Part B — Flutter Employee Mobile App (new build)

Module	Est. Hours	Rate (₹/hr)	Amount (₹)
Custom login (matches existing RTDB auth, no Firebase Auth)	8	1,200	9,600
Firebase RTDB integration layer	8	1,200	9,600
PT Sessions (read-only)	8	1,200	9,600
PT Packages (view / create, tick sessions, log workouts)	18	1,200	21,600

Final progress charts (before / after bar + line)	14	1,200	16,800
Monthly attendance (read-only)	12	1,200	14,400
UI polish, app icon, splash screen	8	1,200	9,600
Android + iOS testing & build	10	1,200	12,000
Subtotal — Part B	86 hrs		₹1,03,200

Part A — Web / Desktop App	₹2,20,000
Part B — Flutter Mobile App	₹1,03,200
Project Subtotal	₹3,23,200
GST (18%, if registered)	₹58,176
Grand Total	₹3,81,376

Payment Terms: 40% advance to start, 30% on UAT/demo milestone, 30% on final delivery.

Timeline: Part A — already delivered/in progress. Part B (Flutter app) — estimated 3–4 weeks from kickoff.

Optional Annual Maintenance Contract (AMC): bug fixes, minor features, Firebase/hosting support — 15–18% of project cost per year (≈ ₹48,000–₹58,000/year).

Out of scope: Firebase hosting/usage charges, app store developer accounts (Google Play / Apple), push notification service costs, third-party API costs (if any).

This quotation is an estimate based on current project scope as understood at the time of writing. Final pricing may be adjusted based on detailed requirement discussions with the client.
